DMV vessel registration number

U.S. Coast Guard documentation number

DEEP license number

Form REG-14, Application for Commercial Fisherman Tax Exemption Permit, must be completed and filed with the Department of Revenue Services (DRS) **by June 1** so that DRS can make a determination and issue a permit by the effective date. Your 2017 Fisherman Tax Exemption Permit is valid from July 1, 2017, until June 30, 2019. If this application is submitted after June 1, the permit is valid on the date indicated on the permit. The expiration date for a permit issued to a **start-up fisherman** is 24 months from the date the permit is issued.

To qualify for a fisherman tax exemption permit, an applicant engaged in commercial fishing **as a trade or business** must certify that:

- At least 50% of last year's gross income was derived from commercial fishing; **or**
- On average, for the two preceding taxable years, at least 50% of your gross income was derived from commercial fishing.

Enclose a **copy** of the applicant's federal income tax return and all accompanying schedules for the prior year; **or** if you meet the 50% gross income requirement by using the average of the prior two years, enclose **copies** of the federal income tax returns and all accompanying schedules for the prior two years.

To qualify for a fisherman tax exemption permit, a start-up fisherman **must** satisfy the following requirements:

- A tax exemption permit as a start-up fisherman must not have been issued previously;
- The fisherman intends to carry on commercial fishing as a trade or business for at least two years after the exemption permit is issued; **and**

- For the second year or, on average, for the two years after the tax exemption permit is issued, not less than 50% of the fisherman's gross income as reported for federal income tax purposes will be derived from commercial fishing.

If the start-up fisherman does not meet all of these requirements, the fisherman is liable for the sales or use tax that would have been due without the exemption.

A **start-up fisherman** is a person who:

- Was not engaged in commercial fishing as a trade or business in the preceding taxable year; **or**
- For the immediately preceding taxable year or, on average, for the two immediately preceding taxable years, less than 50% of the fisherman's gross income as reported for federal income tax purposes was derived from commercial fishing.

See **Informational Publication 2009(14), Fisherman's Guide to Sales and Use Taxes and Estimated Income Tax**. Visit the DRS website at www.ct.gov/DRS to download and print Connecticut tax forms and publications.

Return this application to Department of Revenue Services, State of Connecticut, Operations Division, 450 Columbus Blvd Ste 1, Hartford CT 06103-1837.

If you operate more than one vessel, attach a separate sheet listing the name, home port, Department of Motor Vehicles (DMV) vessel registration number, and Department of Energy and Environmental Protection (DEEP) license number for each vessel. If you are not a Connecticut resident and are not required to have a DMV vessel registration or a DEEP license number, leave these lines blank and enter your U.S. Coast Guard documentation number.

Declaration: I declare under penalty of law that I have examined this application (including any accompanying schedules and statements) and, to the best of my knowledge and belief, it is true, complete, and correct. I understand the penalty for willfully delivering a false return or document to DRS is a fine of not more than \$5,000, imprisonment for not more than five years, or both.
